

QUALITY POLICY

real General Contracting GmbH is an international construction services company delivering interior fit out, shopfitting, construction engineering services and a wide range of specialized solutions.

The aim of real General Contracting GmbH is to provide the customer with optimum results of the highest quality. In order to meet these requirements, we undertake to ensure the continual improvement of our quality in all activity fields of real General Contracting GmbH, while retaining our leading position regarding implementation of Best Practice initiatives within our company.

For the implementation of this guideline and to achieve our quality objectives, appropriate processes and practices have been integrated into our management systems. These are binding for the entire workforce.

In this context, we commit to the following:

- We are in full compliance with the demands of DIN EN ISO 9001.
- We regularly revise our quality guidelines and adjust them in strict accordance with the changing requirements.
- We define our quality standards based on our customers' objectives.
- In order to exceed our customers' needs and expectations in terms of quality, we do not only follow, but we take a leading role in implementing industry-specific Best Practice initiatives.
- Regular internal as well as external audits ensure an even higher quality standard. At the same time, they guarantee the sustainability and efficiency of our guidelines and practices.
- Our guidelines and practices are communicated openly within the company organisation and are understood and accepted as the central component of our corporate culture.
- The prescribed processes and practices are binding for the entire workforce.
